

Road Angels Tailpipes

Monthly Newsletter of Who, What, Where & When

From the Prez

As always, welcome to this month's issue of the Tailpipes.

Our April Cruise night was a tremendous success with over 85 vehicles. Not only were they beautiful but also well diverse with trucks, antiques, customs, hot rods, rat rods and street rods. We hope to see you on May 8 for our next Cruise. Check for start times on page 4. As usual, we will have a DJ, Club Members selling 50/50 tickets and the Fire Company will once again be selling hot dogs, hamburgers, steak sandwiches, etc. We look forward to seeing you there.

Thank you to all of our Car Show Sponsors in 2025. The show was cancelled due to inclement weathers but as a result of our 2025 efforts and sponsorships, our Club was able to donate \$10,000 to local charities and organizations. Our members will be out soon to acquire more sponsorships which are important to the success of our show and do allow the Club to continue the legacy of community support. Many of our sponsors are shown at the end of the newsletter. Please consider supporting them.

We are accepting early registrations for our 2026 Car Show. The registration form is in the back of the Newsletter. Hope to see you in July at the Dublin Volunteer Fire Company.

The Club agreed to bring a canned food good to our meetings each month to be donated to the Food Larder at the New Britain Food Larder. This month, we collected **324 pounds of food with a goal of 1,500 lbs. collected for the year.** Way to go Road Angels and THANK YOU!

Thank you for your continued interest in the Road Angels of Doylestown and, of course, your support as we strive to support local non-profit organizations. Due to yours and our sponsors support, this year the Club was able to donate approximately \$10,000 to several local charities and organizations

One Hot '67 Camaro [Larry Crain](#)

This is a sizzlin' hot example of how to turn an old drag race car into one mean street machine. With the owner

www.roadangelsdoylestown.com

having over 25 years of background in drag racing and hot rodding it was a no brainer on what do with this Camaro when it was retired after 13 years of drag strip service in 2003. There was no way he was going to put this car back to original or anywhere close to mild when he still has high octane racing fuel running in his veins and so started the project of making this ex-race car a weekend warrior for cruise nights and car shows.

The well-used GM body was treated to a lot of new sheet panel replacement panels that were ordered from the fine folks over at Goodmark, over 70% of the car's sheet metal was changed out during this project! The cowl hood for this beast was cut and customized by Donnie Bray of Fairhope while the body work was completed by the owner. The 2004 Kia silver, candy blue flames are PPG base coat clear coat that were sprayed by Jerry at Tomecek Designs in Fairhope.

The interior of this machine is just as tricked out as the exterior and the under hood area. The first thing that will grab your attention is the pair of Drive FX racing seats that the owner got from S&S Motorsports in Mobile and the serious 5-way G-Force racing harness that features a cam lock release. Some of the other unique items in the interior include, a billet tilt steering column from NPD that is topped off with a gray wrapped leather steering wheel from Billet Specialties, custom gauge cluster that features a brushed aluminum finish, factory style am/fm cassette player from NPD and a custom built console that houses the B&M Mega Shifter. All of the gorgeous upholstery work throughout the interior is from the talented hands of Louis McBride while the custom gray cloth headliner and silver carpet are from the folks over at Bay Auto Glass.

The original GM chassis is now a modified piece that features a stock front suspension and mono-leaf springs with floater ladder bars on the rear, thanks to Richard Stevens and Steve Miller of Gulfport, MS . The original 12 bolt GM rear end is back in place and now runs Strange axles and a spool with 4.88 gears. The tire and wheel combination that Dennis went with is the time proven winning combination of Cragar Drag Star Wheels and Mickey Thompson Tires.

The heartbeat of this hot Camaro is nothing less than a 427 Chevy big block pushing over 850 horsepower with NOS or 600 horsepower off the bottle! This motor is big, bad ,fast and looks good to thanks to trick functional pieces like a pair of 600cfm Holley carburetors sitting on top of a Jet Hot coated Weiland tunnel ram intake and a pair of Jet Hot coated Hooker Headers that are hooked up to a stainless exhaust system that features 3-inch Borla mufflers. All of this horsepower and chrome is teamed up with a beefed up GM Turbo 400 automatic transmission that helps get all of the power to those big Mickey's.

Covered Bridge Tour

On April 18, the Club had 10 cars/13 members and spouses take a tour. We had breakfast at the Lumberville General Store and toured 6 covered bridges in Bucks County. All had a great time and look forward to the next event by our Events Committee.

Become a Road Angel

Benefits of Joining THE Road Angels Club
